Quality of Life Programs
Providing emotional support, education, meaningful engagement, and coping strategies

Musical Biographies

Offered in May & October
10:00 am - 12:00 pm

Five-session musical biography program developed by Villa Musica offered twice a year to participants with memory disorders and their care partners.

Participants are given opportunities for meaningful engagement in developmentally appropriate activities that are carefully designed to support the varying experience and ability levels of each individual in a group setting to facilitate success and socialization. Participants and their care-partner will create a scrapbook and a music playlist CD to accompany their book in this program.
