

HOW TO REFER TO THE SHILEY MARCOS ADRC

We realize that you are extremely busy and we want to make the referral process as simple as possible. We are committed to being prompt and professional when contacting your patients.

There are several ways that you can refer your patients to the Shiley-Marcos Alzheimer's Disease Research Center:

1. **FAX** or mail one of the provided physician referral forms to our office.

OR

2. Refer via our **WEBSITE**:

<http://adrc.ucsd.edu>

Click on 'referrals', then click on the provided link to access the 'Secure Physician Referral Form'. This form can be completed and submitted using our secure online link, or you can FAX or mail a printed form to our office.

OR

3. Give your patient one sheet from the provided tear-off **REFERRAL PAD** so that they can call us directly. If you sign your name at the bottom of the tear off referral, we will let you know if your patient successfully enrolls in our program.

FOR MORE INFORMATION, PLEASE CALL:

Christina Gigliotti, Ph.D.

(858) 622-5803

FOR BILINGUAL HISPANIC PARTICIPANTS, PLEASE CALL:

Frances Martinez-Goodrich, MSW

(858) 622-5823
